Re: Staci Cobabe

To Whom It May Concern:

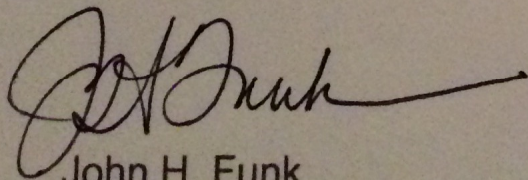

Staci Cobabe was an elementary teaching intern in Granite School District for the 2015-16 school year. I had the privilege of serving as Staci's intern supervisor during that time. I was also her instructor for several undergraduate courses. This recommendation is based on my extensive experience with Ms. Cobabe.

Staci has developed her skills and is a good teacher. Ms. Cobabe is solid in classroom management and strives to run an effective learning environment and is very successful. Many of her strategies have become automatic and she creates a very respectful and comfortable atmosphere. Coupled with these organizational strategies is Staci's rapport with students. I have observed how her second grade students connect with her and follow her directions. She is always trying to come up with additional ideas and strategies to help individual students.

Staci is a hard worker. Throughout our years of interaction, Staci has never failed to complete requirements that I have given her. She is very reflective and asks very solid questions to analyze every situation. Staci Cobabe is a positive person and it is always comfortable to be in her presence. Because of this, she is a good member of the team and works with other individuals to accomplish their goals. This year she has also exhibited solid skills for working with parents.

It has been a great pleasure to assist Staci Cobabe in developing her skills as an elementary teacher. I consider Ms. Cobabe a solid teacher with exceptional skills, many beyond the expected level of a first year teacher. I give her my highest recommendation.

Sincerely,

John H. Funk
Clinical Instructor
